Scan me

Create custom and easily shareable digital credentials that attract learners and drive your business forward.

Promote Program Growth

Generate organic traffic to your program's website when recipients instantly share your credentials on 20+ social media platforms.

Quantify Program ROI

Track marketing metrics in real time to know exactly when your credentials are viewed, shared online, and clicked.

Save Up Time, Money & Resources

Design and deliver your credentials in seconds with no costly design time, printing, or physical mailing needed.

Deliver Secured Credentials

Enjoy fraud-proof and instantly verifiable credentials that are secured with bank-level encryption and blockchain technology.

Increase Credential Value

Attract learners with digital credentials that display their newly acquired skills, can be matched to new career opportunities, and added to any digital wallet.

Boost Brand Awareness

Brand every interaction with your recipients from the moment they enroll to when they share their credentials online.
