

# Powering World-Class Events and Enduring Educational Experiences

Simplify the production of events and maximize the value of online learning with an integrated suite of Cadmium offerings.

# Cadmium

## Your content, meetings, and events delivered as one continuous experience.

### Abstract Scorecard

#### Call for Papers, Awards, + Grants

Collect, review, and select submissions from speakers, authors, and applicants.

### Conference Harvester

#### Speaker/Exhibitor Management

Automate content creation, build schedules, and manage your data in a cloud-based system.

### Survey Magnet

#### Attendee Education

Gain insights from your audience or allow attendees to track CEUs with this custom evaluation tool.

### eventScribe Mobile App

#### Attendee Engagement

Deliver exceptional experiences to attendees with an itinerary planner, event microsite, and event app.

### eventScribe ePosters

#### Digital Publication

Share digital event posters with attendees online or onsite. Integrates with your app, website, and signage.

### eventScribe Floor Plan

#### Interactive Tradeshow Map

Sell booth space and sponsorships, then share vendor information with attendees on a digital floor plan.

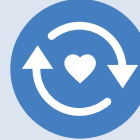

### Conference Recordings

#### Audio Synchronization

Invite our production team to record your event and synchronize the audio with session slides.

### Conference Proceedings

#### Content Distribution

Your content is valuable. Share session handouts, presentations, audio, video, and more online.

### Registration

#### Registration and Badge Printing

Simple, secure, flexible registration process.

### Hermes A/V Software

#### Speaker Ready Room

Expect last minute changes and push instant updates to your app, website, and displays.

### Learning Management System

#### Elevate and EthosCE

Monetize your event long after its conclusion. LMS integration transforms an event from a point in time to an enduring educational experience.

### Video Management

#### Warpwire On-Demand

Capture, organize, and share educational video, all in your browser.

### Live Streaming

#### Warpwire Live

Deliver real-time experiences to audiences of any size. Perfect for live polls, group chat in hybrid environments, and other situations where every second counts.
